2. Would a yard storage solution be considered? i.e. supply of fuel tank in yard.

Response: *Yes, a yard storage solution would be considered.*

3. Upon reviewing the RFP package can you please confirm which rack we are to reference for pricing? It is noted to be Winnipeg rack but is it Esso, Shell / Suncor? Or can we make that choice ourselves?

Response: *You may select the rack you wish to reference, provided the pricing methodology remains consistent throughout the duration of the contract.*
