

# PUBLIC NOTICE

## RE: POSTING OF SIGNS ON UTILITY POLES AND TRAFFIC SIGNALS

The public is reminded that:

1. Under the City of Dryden Municipal Code, Chapter 210, Signs, Schedule A, no signs are allowed on any wooden utility poles.
2. Under the Highway Traffic Act, R.R.O. 1990, it is a violation to post signs on any traffic signal including traffic light standards, stop signs, speed limit signs, median signs, etc.

The City of Dryden appreciates the cooperation of the public to ensure wooden utility poles and traffic signs/signals within the City of Dryden remain free of any unauthorized signage which includes Garage Sale/Yard Sale or Event type signs. These unauthorized signs pose a very serious safety hazard and litter issue in the City.

Any person who contravenes any provisions of the above noted Chapter or Act is guilty of an offence and, upon conviction, is liable to a penalty as provided under the Provincial Offences Act (Not more than \$5,000).

C. Brosseau, City Clerk  
May 2010
