The Moffat Family Fund at The Winnipeg Foundation

The Moffat Family Council recently approved the 2022 grants for communities outside of Winnipeg. This year \$100,000 is available for projects within our community that align with the Moffat Family Fund purposes!

History:

In December of 2001, an unprecedented gift of \$100,000,000 was made by Randy Moffat and his family to the Winnipeg Foundation. The donor-advised fund dramatically changed the capacity of the Foundation and provided the opportunity for new and innovative community grants.

The Moffat Family Council is a key catalyst for the Foundation's granting from this fund. The Council meets regularly to review applications and make recommendations to the Foundation's Board of Directors. The vision of their fund is focused on "a Canadian society where all individuals have equal opportunities to develop their potential". The fund is directed to programs advancing the economic, social, physical and intellectual well-being of children and families, giving them an equal chance in society. "This gift is our family's way of putting something back into the communities that have been instrumental in our success. We wanted to do it in a way where we can see tangible results in improved lives and realized potential for children and their families who have not had the same good fortune and opportunities that my family and I have enjoyed. Like others in our community, we believe personal efforts and initiatives are important to improve the overall quality of life and opportunities for others," Moffat said.

The family has remained steadfast to its vision – looking for innovative projects that shore up neighbourhood supports, provide opportunities for learning and recreation and augment community initiatives that may be lacking or nonexistent in less advantaged areas.

The Moffat Family Fund's mission, in furtherance of its vision, is to enhance the quality of life and make a lasting difference, in communities where Moffat Communications Limited conducted business.
