

Transcription – Births, Marriages, Deaths Register: Division of Dryden 1897 – 1908

This transcription was completed in the winter of 2021 by volunteers working at home using photographs of the Register. Each page was transcribed and then checked by a second volunteer. Museum staff reviewed the pages when they were returned.

A question mark in square brackets following a name indicates that during the transcription and reviews, the name was not confirmed. Some of the unconfirmed names were cross-referenced with records available on [Familysearch.org](https://www.familysearch.org) and [Ancestry.ca](https://www.ancestry.ca) and a screenshot of the record is included in the Notes section.

If a name has a line through it, it is because the name had a line through it in the register.

There are numbers included in the register, however, we are unsure what these numbers represent. We will continue to research records to try and determine what they represent.
