We need your help!

In the Fall of 2016 the Dryden Public Library celebrated 50 years at our current Van Horne Avenue location. To mark this special occasion the Library Board launched the Dryden Public Library Shelving Fund with the goal of upgrading our library shelving.

Our current shelving has been in place since the facility was built in 1966 and now after 50 years of heavy use it is showing its age. We plan to replace the shelving throughout the Library with new steel/wood combined shelving, combining the durability of steel shelving with wood end panels which preserve the classic look and feel of the Library.

We need your help to reach our \$50,000 goal. Please consider making a tax deductible donation to the Library Shelving Fund. Your donation will help provide long lasting infrastructure to our facility and support our ongoing mission to provide high quality library service to our community.
