City of Dryden Encourages Residents, Seniors, and Employers to Share Input on Local Housing Needs

DRYDEN, ON – August 10, 2026

The City of Dryden and Northern Policy Institute are asking the public to take part in the Dryden Housing Needs Assessment by completing one, or multiple, of three short surveys now available online.

Housing affects everyone in our community. Whether you are a resident experiencing housing challenges, a senior thinking about current or future housing needs, or an employer impacted by housing availability for staff, your input is important.

The information gathered through these surveys will help the City and Northern Policy Institute better understand Dryden's housing situation and identify local needs, challenges, and opportunities.

Community members are encouraged to complete the survey that best applies to them:

- General Housing Survey: <https://www.surveymonkey.com/r/DrydenHousing>
- Seniors Housing Survey:
<https://www.surveymonkey.com/r/DrydenHousingSeniors>
- Employers Housing Survey:
<https://www.surveymonkey.com/r/DrydenHousingEmployers>

By taking a few minutes to share your thoughts and experiences, you can help ensure Dryden's housing needs are clearly understood and considered.

Respectfully,
Mayor Jack Harrison
