Message from the Detachment Commander

On behalf of the uniform and civilian members of the Dryden Detachment of the Ontario Provincial Police (OPP), I am pleased to present the Dryden Detachment 2025 OPP Detachment Board Annual Report. This report provides an overview of policing and community safety activities from the past year and reflects our progress in the final year of the 2023–2025 Action Plan.

The Dryden Detachment continues to work closely with community partners to support prevention, harm reduction, and early intervention—particularly where community safety intersects with complex social needs. We remain focused on building respectful, sustainable relationships across our communities and delivering policing services that are professional, fair, and community informed.

I want to recognize the strong work completed by Dryden Detachment members and partners over the past three years. Their commitment has helped advance shared goals and strengthen the foundation for future planning.

As we move forward, we will continue engaging with our detachment boards and communities to ensure local priorities guide our next steps. Thank you to our members and community partners for your continued dedication, and to the public for your trust and support.

In 2026, we will release our new 2026-2029 Dryden Detachment Action Plan. This is the first action plan developed under the *Community Safety and Policing Act (CSPA)*. We are working closely with our Detachment Boards and engaging with community members to ensure the needs of our communities are reflected in the commitments we make for the next four years.

Development of the 2026-2029 Dryden Detachment Action Plan will coincide with the creation of the 2026-2029 OPP Strategic Plan creating organizational alignment.

As we look ahead to emerging challenges and new opportunities in policing and community safety, our detachment members remain committed to our mission to serve our communities, protect our citizens, uphold the law, and preserve public safety.

Karl Duewel
Detachment Commander

Other Community Updates

Safety and well-being are a collaborative approach and shared vision for all the communities that we serve. Our ability to adapt and transform our service delivery to best serve our diverse cultures is one of our greatest strengths.

Recognizing the increasing need for mental health and addictions related supports, Dryden Detachment partnered with community-based organizations such as the Dryden Native Friendship Centre, Adult & Teen Challenge, and the Dryden Regional Health Centre to develop co-response models for engaging with individuals in crisis. These partnerships have proven effective and have resulted in fewer mental health calls for service, reduced involuntary admissions to hospitals, and increased referrals to community programs.

Dryden Detachment takes all allegations of crime seriously. Victims need to be supported and dealt with in a professional and competent manner. We are proud of our continued partnership with Victim Services of Kenora and Area, working closely with our Victim Specialist and Detachment Abuse Issues Investigator to deliver a victim-centred approach to ensure all victims are informed, protected, and supported.

We are also pleased to continue our engagement with local youth with funding through the Ministry of Children, Community and Social Services, to hire students to participate in our Youth in Policing Initiative and Summer Experience Program. Our Community Engagement Officer develops quality programs in a policing environment to provide mentorship and confidence building for the students. These programs also support recruitment strategies for future uniform and civilian applicants and expand on the dedicated programming being delivered at Dryden High School through partnership with the Keewatin-Patricia District School Board. Building relationships with youth and providing them with information on topics such as cyber safety, bullying and substance abuse education are essential aspects of community safety and building resiliency.

Building and strengthening relationships with our Indigenous and diverse communities remain a priority for Dryden Detachment. In 2025, we celebrated National Indigenous Day and participated in the Moose Hide Campaign to end gender-based violence alongside our friends at the Dryden Native Friendship Centre. We were also welcomed into the communities of Ojibway Nation of New Saugeen, Eagle Lake and Wabigoon Lake Ojibway Nation and participated in several events including Pow Wows and community feasts. We were also honoured to participate in several Dryden Pride events in support of our 2SLGBTQ+ community.

We remain open to, and respectful of, cultural differences and the ongoing development of skills and knowledge to build mutually effective relationships. With the continued support and governance of our detachment boards, municipal councils, Indigenous leaders, community partners and the public, we will continue to seek opportunities to realign and reallocate resources to manage the increasing complexity of investigations and the demands placed on our members as we move forward.

Policing Hours

The OPP has developed a Service Delivery Model (SDM) in response to several reviews and audit recommendations. The SDM is designed to:

- Promote officer wellness through balanced workloads
- Determine adequate staffing levels at each detachment
- Ensure the continued delivery of adequate and effective policing services in accordance with the *Community Safety and Policing Act (CSPA)*

To support SDM implementation, the OPP is undertaking a multi-year staffing strategy to address required increases in detachment personnel. This model supports the OPP’s ability to:

- Respond effectively to increasing calls for service
- Maintain safe communities through proactive patrols and community engagement
- Meet municipal expectations for police visibility

To monitor progress and guide detachment-level planning, the OPP has established time allocation targets for provincial constables (Figure 1). These targets reflect how time should ideally be distributed by the end of the SDM staffing strategy.

The targets are based on a provincial average, and variations are expected between detachments due to differences in geography, operational structure, recruitment and leave of absence rates.

Detachments may face challenges in achieving these targets, but progress is expected as scheduling, data quality and strategic deployment continue to improve.

9-1-1 is for emergencies only: If there is an immediate risk to someone's life or property.

- ✓ a crime in progress
- ✓ a fire
- ✓ a life-threatening medical emergency

Dialed 9-1-1 accidentally? #Be911Ready. Don't hang up, stay on the line and speak with an OPP Communicator to confirm there's no emergency.

The misuse of 911 ties up emergency lines, communicators and officers, which can result in a slower response to a real emergency and risks the safety of people who may need urgent help.

It is against the law to call 9-1-1 as a joke. Prank 9-1-1 calls can be dangerous and waste valuable emergency resources.
