

ADDENDUM #2

Project Name:

City of Dryden, HVAC Systems
Supply and Installation

TBTE Project No.:

25-170

Date Issued:

2026-02-13

The Request for Tender documents (T-2026-2) is hereby amended as follows:

ITEM	REFERENCE SPECIFICATION SECTION OR DRAWINGS	DESCRIPTION
1	Request for Information	<p>Inquiry: On the Demo Plan Main Floor it shows to Demolish existing hydronic radiators and associated piping back to source. Is there any patching and painting required once these are removed?</p> <p>Response: Bidders shall assume that patching and painting will be required following the removal of the existing radiators and associated piping. All affected surfaces shall be patched, repaired and refinished to match adjacent existing conditions as if new. Finishes shall be continuous and uniform in appearance, with no visible evidence of the removed equipment.</p>

Enclosed/Reference Material:

1. Null
